Subject: Recommendation for Siddhesh Dangade

To whom it may concern,

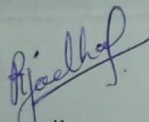

I am pleased to recommend Siddhesh Dangade, a student in my class. Siddhesh has not only demonstrated exceptional skills and passion for Cyber Security but also showcased commendable attributes in teamwork, leadership, and punctuality.

His aptitude for the subject was evident in a Python project he undertook on cipher encryption and decryption techniques. This project showcased not only his programming proficiency and innovative problem-solving approach but also his ability to collaborate effectively within a team.

Siddhesh has consistently exhibited leadership qualities in group projects, where he took the initiative and guided his peers towards successful outcomes.

Furthermore, his punctuality and reliability have been noteworthy throughout the course. I am confident Siddhesh's dedication, technical expertise, teamwork, leadership, and punctuality make him an asset in the field of Cyber Security. I recommend him without reservation.

Sincerely,

Prof. Ratika Jadhav

Assistant Professor & Subject Teacher (Cyber security)

Dr. Babasaheb Ambedkar Technological University, Lonere
